	Mineral content
Chloride	< 50 mg/L
Calcium	< 2 mg/L
Magnesium	< 2 mg/L
Potassium	< 2 mg/L
Sodium	< 32 mg/L

## INTERNATIONAL QUALITY

### Neverfail goes for International Quality Standards

We undergo quality audits by accredited, independent auditors who spend several days in each bottling plant examining procedures, documents, records and equipment.

We're proud to report that all our plants are committed to and conform to the following international standards:

- ◆ ISO-9001 Quality Management Systems
- ◆ ISO-14001 Environmental Management Systems
- ◆ FSSC-22000 Food Safety Management Systems
- ◆ Australasian Bottled Water Institute (ABWI) 'Model Code' – the quality standard specific for the bottled water industry
- ◆ Hazard Analysis Critical Control Point – international food safety program aimed at identifying and controlling critical points in the production process.
